

THIS IS HOW YOU DETERMINE YOUR SIZE!

Take your measurements as indicated on the sketch and check which size you have. Wear close-fitting underwear when measuring. Width is measured around circumference. Please check available sizes for each garment before ordering. Not every size is made for every model.

THIS IS HOW YOU MEASURE

A Chest

Measure horizontally across the widest part of the chest. Make sure the measure tape is held straight across the back. Do not pull the measure tape too tight.

B Waist

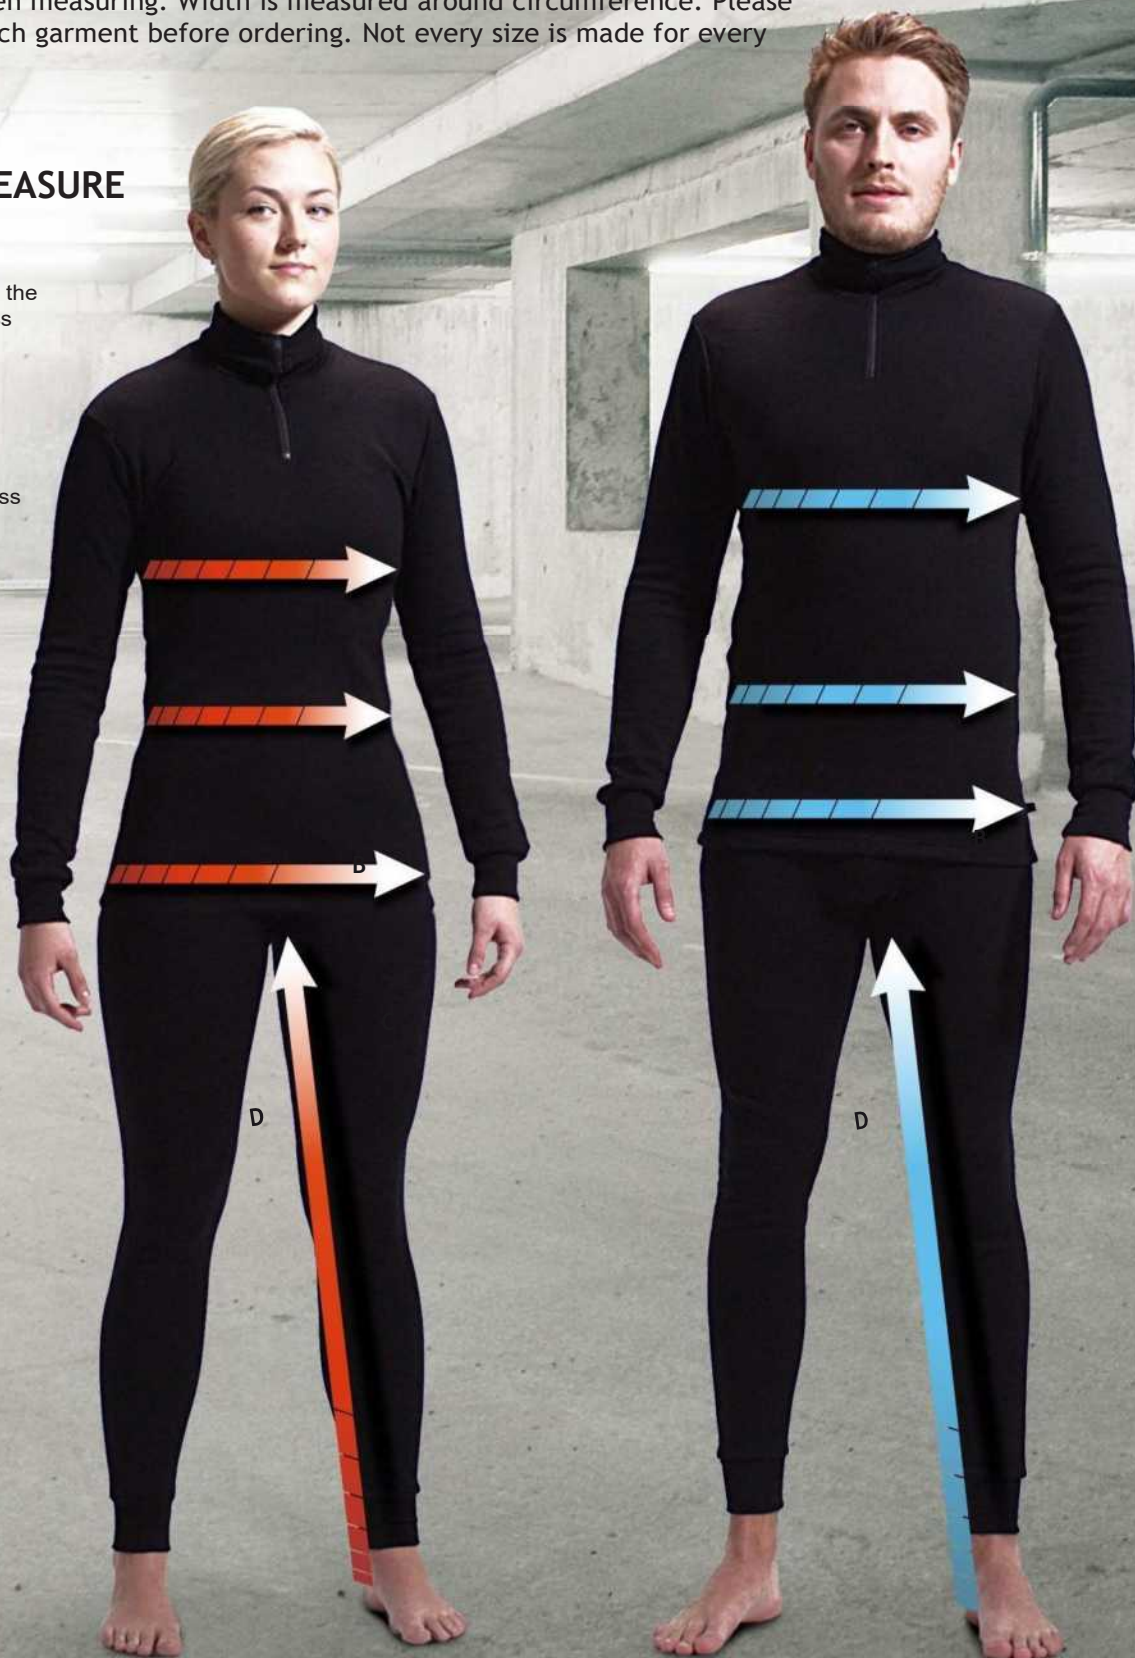

Men and children: Measure horizontally at navel height.
Women: Measure horizontally across the narrowest part of the waist.

C Hips

Measure horizontally across the widest part of the hips.

D Inseam

Measure from the crotch to just below the ankle bone. Make sure the measure tape is stretched.
